

Greetings,

It is a great pleasure and honor to announce that Scott C. Woller, MD, FACP, FCCP has been elected by the members of the Utah Chapter to serve as the next ACP Utah Chapter Governor. Dr. Woller will start his term as Governor-elect after the Annual Business Meeting in Los Angeles, CA on April 25, 2020. Dr. Woller will take office as Governor in April of 2021.

Please join us in congratulating Dr. Woller and also thanking Dr. Kencee Graves for her candidacy and her service to our chapter as a member of the chapter meeting planning committee and governor's advisory council.

Message from Governor-elect Designee:

*I could not be more thrilled for the opportunity to serve as Governor, ACP Utah Chapter. By way of brief introduction, I graduated from Northwestern University Medical School, completed my residency at the University of Utah, and then served as Chief Medical Resident. I am boarded in general internal medicine and my clinical and research interests reside in thrombosis medicine. I co-direct the Thrombosis Program at Intermountain Medical Center where I serve as Chair of the Department of Medicine. I hold the rank of Professor of Medicine (Clinical) at the University of Utah School of Medicine. I Co-Chair the American College of Chest Physicians (CHEST) Antithrombotic and Thrombolytic Therapy Guidelines Writing Panel, and I am a panelist for the Centers for Disease Control and Prevention Venous Thromboembolism Surveillance Workgroup Committee. I have formerly chaired the ACP Utah Chapter Residents & Fellows Committee. I enjoy mountain biking and hiking with my wife Patricia and teen-agers, Isabela & Gunnar.*

With gratitude,  
Scott
